

Advazorb Heel®

Hydrophilic foam dressing with film backing

Product description

Advazorb Heel® is a conformable, non-adherent, hydrophilic, polyurethane foam dressing with a breathable film backing designed to fit around the heel.

A non-adherent foam dressing with excellent fluid handling properties. Ideal for use under compression bandaging with its fluid retention, low profile and low friction film backing.

Use

Apply directly to the wound on the heel, pink side up and secure in place with tape, appropriate bandage or secondary dressing.

Contra-indications

Arterial bleeds, heavily bleeding wounds and vascular fungating tumours.

Storage

Store at room temperature, out of direct sunlight and keep dry.
