finoderm

Sterile
Non Sting
**Medical
Adhesive
Remover**

Release

Manufactured in the UK by
Fino Healthcare Ltd

finoderm Release is a Sterile Non Sting Medical Adhesive Remover designed specially to assist with the quick and pain free removal of adhesive wound dressings.

Due to the nature of the product, finoderm Release will not only ensure that the adhesive is removed from the skin without causing stinging, irritation and trauma but it will reduce skin stripping whilst also helping the body to maintain healthy skin.

Available in a revolutionary spray and wipes finoderm Release is a vital part of any dressing change regime and, by providing the body the best environment for healing, is the key to healthy, pain free skin.

- Removes Medical Adhesives
- 100% Alcohol Free
- Non sting for removal of Medical Adhesives
- Helps to maintain healthy peri-wound skin
- Pain free dressing changes
- Easy to use
- Essential part of any dressing change regime
- Use finoderm Release in conjunction with finoderm Protect to give your skin the protection it deserves
