

# Instruments **Single-Use**

## Trachael Dilator 3 Prong

- Single-use trachael dilators offer excellent value and convenience for hospitals
- Single-use trachael dilators are a medical grade stainless steel, made to the same exact technical and mechanical standards as reusable tracheal dilators
- Each tracheal dilator is engraved with Defries Industries and Single-Use, green dipped handles visually identifies single use
- Benefit of no repeat sterilisation costs for hospitals, single packed for convenience
- By using single use, this removes the risk of cross infection
- Can be recycled into meltdown metal, or incinerated to become non-toxic file ash
- Range also includes 2 prong tracheal dilators
