

HEINE QUALITY
MADE IN GERMANY

• The new XP Emergency Laryngoscope Set from HEINE
Specially developed for emergency use.
Featuring the new HEINE XP® disposable laryngoscope blades.

[HEINE XP® EMERGENCY LARYNGOSCOPE SET]

These sets are equipped with XP blades of the same anatomically-correct shape as the HEINE Classic+® blade, the world's best-selling F.O. blade with integrated fiber optics bundle. The XP disposable blades effectively avoid cross-infection.

The HEINE XP® Emergency Laryngoscope Set is complete with the 5 most frequently-used blade types and sizes for infants and adults. Instantly ready for use with F.O. SP handle.

- ❖ **HEINE XP® disposable blades** effectively avoid cross-infection.
- ❖ **Hygienic and safe:** The tip of the blade cannot touch the handle.
- ❖ **Perfected blade shape:** Simplifies intubation.
- ❖ **Extremely bright light from XENON bulb:** The light is directed precisely on to the epiglottis and vocal cords.
- ❖ **Can be used under all conditions** including extremes of low-temperature.
- ❖ **Blades do not “freeze”** or stick to the tongue at low temperatures.
- ❖ The blades are designed to **minimize the likelihood of damage to teeth.**
- ❖ **Virtually unbreakable in normal use and torsionally-stiff.**
- ❖ **Non-slip handle design.**
- ❖ **Lightweight and compact.**
- ❖ HEINE XP® blades conform to the ISO Standard ISO 7376-3/EN 1819 (**Green Standard**).
- ❖ **Exceptional value for money.**

[HEINE XP® Emergency Laryngoscope Set]
