

Assure™

ANTIMICROBIAL HAND MOUSSE

Assure antimicrobial hand mousse uses Byotrol technology to eliminate all major pathogen groups including spores (*C. difficile*), bacteria (MRSA and pseudomonas), mycobacterium (mycobacterium smegmatis), yeast and fungi (candida albicans and aspergillus niger) and viruses.

Available in 3 sizes including a 50ml personal pump for individual use, 600ml pump and 800ml wall dispenser.

Ultra low in alcohol, this product is designed to be soft and caring to the skin and will not dry or irritate.

- Offers effective protection against cross infection when dealing with patients
- Leaves an effective barrier film for long-lasting protection
- Longer evaporation time allows for full 6-step handwashing technique
- Requires no water or rinsing, leaves hands soft and moisturised
- Unperfumed and suitable for food preparation areas
