

## total traceability system PRACTITIONER starter pack

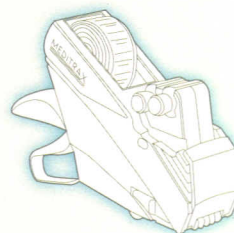

# MEDITRAX

  
SMART TRACKING SYSTEM

### total traceability system

The MEDITRAX® TTS Practitioner system was devised to provide office based practices the same high level of accountability and traceability offered by TTS to Hospital facilities.

This system goes beyond simple batch tracking systems by uniquely identifying all items sterilized through to the patient's record number. In addition to this the systematic use of multiple part labels provides added process control and evidence that sterilization procedures were followed. By far the most comprehensive tracking and accountability system offered to office based practices yet.

### features : documentation tracking

#### components

The MEDITRAX® TTS Practitioner Starter Pack includes :

Qty	Description	Code
1	MEDITRAX® label applicator	MHG1800

### training

Austmel provides MEDITRAX® System Inservice at the point of implementation. Courses are run on a person-to-person basis ensuring rapid absorption. Advanced courses are designed to train the trainer where required. MEDITRAX® training systems comply with the AS/NZS 4815 standards and documentation.

### one-on-one MEDITRAX® customer support

Austmel Pty Ltd is able to offer one-on-one support during office hours on our 1800 074 085 service. This is a valuable service to healthcare personnel who require immediate technical support to use the system. This service is a complete one-on-one person to person level. Additionally IT Remote Access Tech-Support provides quick on-line diagnosis and repair of systems to clients requiring rapid response under maintenance contracts.

### documentation

MEDITRAX® documentation is built on the philosophy of paper waste minimisation, taking into account policies and procedures relating to the processing of items being sterilized in healthcare facilities. All aspects of the complex requirements are clearly and easily followed.

### background

Austmel Pty. Ltd is an Australian owned company established in 1974. Austmel have been directly involved in the supply and development of Sterility Assurance products for over 30 years. Our unique products and systems extend into both the Health Care and Industrials markets, including :

- MEDITRAX® Accountability & Traceability Systems
- Biological and Chemical Sterilization Indicators

**T 1800 074 085 customer support**
